Assembly, C, C++ programming experience

Familiar with software engineering practices of requirements analysis, design, test and verification

Experience with Software Design Process and development tools (MKS, Rational Suite)

Essential Duties & Responsibilities include, but are not limited to the following:

- The principle duties of this position will be to participate in the development of Government Type 1 embedded application library for several SafeNet chips. In

addition, duties may include the development of VPN client / gateway software for SafeNet chips.

- Remains abreast of current technological progress to ensure company's products remain marketable and competitive and other duties as assigned.

We offer competitive salaries, an excellent benefits package, telecommuting opportunities for some positions and a beautiful corporate headquarters overseeing the Bush River in Harford County, Maryland.

On site, our employees can take time from their busy days and unwind in our fitness center. At no cost to our employees, our fitness center includes a nice selection of stationary bikes, treadmills, elliptical machines and an all purpose multi-station gym.

Our 3rd floor break room is an ideal place to spend your lunch time with other co-workers. Fully equipped kitchen appliances and an ample selection of vending choices will give you a variety of options with lunches and dinners. A 25" cable TV, air hockey and ping pong tables will unfortunately make your lunch break go by very fast. We are minutes away from many restaurants and "lunch places" and a few miles down the road from I-95.

To apply for this position please send your resume to humanresources@safenet-inc.com
